

# Steps to Update PCs to Latest ATWS Cloud Version

---

One time (regardless of how many PCs need updating) --

Download **ATWS.exe** from the website

<http://www.ltnow.com/cx/atws/thin-app/>

and

1. Save it to the desktop.
2. After the file downloads, move it from the desktop to your ATWS network folder.

On all PCs, 1 at a time, as a rolling update --

1. Exit ATWS
2. Navigate to the folder:  
**C:\TLG**
3. Delete the following files from that folder:
  - a. Right-click on **ATWS.exe** in the right pane of windows explorer and select **DELETE**
  - b. Right-click on the **SANDBOX** folder in the right pane of windows explorer and select **DELETE**
4. Navigate to the ATWS network folder and copy the application:  
**ATWS.exe**  
By right-clicking on the file and select **COPY**
5. Navigate to the folder:  
**C:\TLG**
  - a. Right-click on an empty area in the right pane of windows explorer
  - b. Select **PASTE**
6. Double-click on the desktop shortcut and if a box pops up with the following:  
**Always ask before opening this file**
  - a. Un-check the box
  - b. Click **RUN \*\***
7. Link your tables
  - a. Select/enter your county name
  - b. Enter the linking password which was supplied for the initial install
  - c. Click **Next...**
8. You're done

**\*\*** The download was incomplete and needs to be done again if you get the errors:

The data is invalid.
